E. & C. Randolph, New York—The long expected Cashadian meion was evidently considered a lemon by the fueeign-era, for the sizek same over more than three points down from Lendon. Our market opened even lower and, sithough there was a subsequent raily which carried the price up a point and a half above the opening the market has reled during the foremons at a decline of over three points from last night's closing level. The rest of the market lanced the weakness in Canadian at the start, and made quite in the start, and made quite in the start of the same supplied on the market lanced the weakness in Canadian at the start, and made quite influence the market lanced the weakness in Canadian at the start, and made quite influence in the market lanced the same lanced for the market lanced the same land the start and the start and before long the entire market sold off rather easily, so that it now registers fair sized net declines as a result of the day's dealings. New Haven was especially weak making a new low record in its history, and considerable liquidation based on the posibility that the director might estirely pass the dividend at the meeting tomorrow. New York Central showed pronounced weakness on reports of poor earnings and Sugar again declined sharely to the fowest price it has reached since 1986. Call money opened at 5 and ruled at 51-2 per cent at 6 per cent. If a stream of money set towards this centres.
